CAREER OBJECTIVE

A motivated and adaptable Management Mathematics graduate currently pursuing a Master of Science (Mathematics), with a strong foundation in quantitative analysis built through academic research and data-driven project work. Brings strong analytical and problem solving skills, works effectively both independently and within teams and also has developed solid communication abilities through facilitation and research engagements. Seeking an entry level Research Analyst role to apply statistical modelling and rigorous research skills toward generating evidence based insights that support better decisions.

EDUCATION

Master of Science (Mathematics)	Sep 2024 - Present
<i>Universiti Teknologi MARA (UiTM), Seremban, Negeri Sembilan</i>	
• Research Focus: Multi-Criteria Decision-Making (MCDM) & <i>Fuzzy Set Theory</i>	
Bachelor of Science (Hons.) Management Mathematics	Mar 2022 - Aug 2024
<i>Universiti Teknologi MARA (UiTM), Seremban, Negeri Sembilan</i>	
• CGPA: 3.64 Dean's List Award (3 semesters)	
Diploma in Mathematical Sciences	Jul 2019 - Feb 2022
<i>Universiti Teknologi MARA (UiTM), Tapah, Perak</i>	
• CGPA: 3.93 Vice Chancellor's Award MUET Band 4	

SKILLS

Data Analysis & Programming: Python (pandas, Streamlit), R (RStudio), SQL (MySQL), MATLAB, MAPLE
Data Visualisation & BI: Microsoft Power BI, Looker, Microsoft Excel (Solver)
Documentation & Tools: LaTeX, GitHub, Microsoft PowerPoint, Canva
Languages: Malay (Native), English (Proficient)

PROJECTS DEVELOPED

Final Year Project (Bachelor's Degree), Portfolio Optimisation of Malaysian Top 30 & Mid 70 Assets
• Constructed a Mean-MAD portfolio optimisation model using Excel Solver, applied to financial data on 100 Malaysian assets collected from DataStream and Yahoo Finance.
• Backtested the model on out of sample data to validate portfolio performance and robustness. <i>[tambah result vs benchmark, cth: return % atau risk metric]</i>
AURA: Streamlit-Based Decision Support Software for Sustainable MCDM
• Developed a Python, Streamlit decision support application for sustainable multi-criteria decision making, awarded Silver (Science & Technology, Young Inventor) at i-SPIKE 2025.
EcoWise: Web-Based Intelligent Sustainability Evaluation Using TOPSIS (WISE-T)
• Built a web-based intelligent sustainability evaluation tool implementing the TOPSIS method, awarded Silver at I-URIID 2025.
EcoTOPSIS: A Big Data Approach for Sustainable Evaluation and Ranking
• Designed a big data evaluation and ranking framework for sustainability assessment, awarded Silver at NSEIx & Research Symposium 2025.
EduDecision: Python Streamlit Web Application for Education Decision-Making
• Created a big data-driven education decision-making application using the WASPAS method, awarded Bronze at PIID 2025.
INNORANK-ARIE & SYAI: Intelligent Multi-Criteria Decision-Making Frameworks
• Engineered an intelligent ranking system (INNORANK-ARIE) and a unified MCDM framework (SYAI), each awarded Bronze at IIDEX 2025.

WORK EXPERIENCE

Research Assistant

Nov 2025 - Mar 2026

- Universiti Teknologi MARA (UiTM)
- Drafted and co-wrote research and project reports, managing project documentation and administrative records across the full research cycle. *[tambah approx number of reports/projects supported]*
 - Prepared Letters of Offer (LO), reimbursement claims and supporting documents, coordinating approvals and signatures with the Finance/Bursary Office.
 - Delivered complete and accurate document submissions within every deadline by tracking approval status end-to-end. *[tambah number of submissions handled atau on time rate %]*

Logistics Assistant (Internship)

Mar 2024 - Jul 2024

- Exaira Sdn Bhd
- Analysed logistics and inventory data through daily data entry, supporting order processing and inventory management operations. *[tambah daily record volume atau accuracy %]*
 - Coordinated with suppliers and vendors to secure on-time delivery of goods, liaising between departments to resolve operational issues. *[tambah on time delivery % atau number of suppliers coordinated]*

Esports Event Organizer (Freelance)

Mar 2021 - Oct 2021

- [Organization/Event Name]*
- Managed participant data and produced daily reports in Microsoft Excel across competitive esports events. *[tambah number of participants/events managed]*
 - Administered tournament operations by managing brackets in Challonge and coordinating live streaming.

ACHIEVEMENTS

- Invention, Innovation & Design (IID) Awards: 3 Silver & 3 Bronze medals
 - Consolation Place (Master's Category), 3 Minute Research Idea Competition, UiTM Seremban
 - Dean's List Award, UiTM Seremban (Bachelor's Degree, Semesters 3, 4 & 6)
 - Finalist, Anugerah Khas Mahasiswa OKU Harapan, UiTM
 - Vice Chancellor's Award, UiTM Tapah (Diploma)
- Sep 2025
Sep 2025
2022 - 2024
2023
Feb 2022

LEADERSHIP & CO-CURRICULAR ACTIVITIES

Facilitator: LaTeX Online Workshop for Students from Indonesia

Jan 2026

- Facilitated an international online LaTeX workshop, guiding students from Indonesia through scientific document preparation.
- Secretary & Facilitator: Bengkel LaTeX 101, UiTM Seremban
- Nov 2025
- Co-organised and facilitated a LaTeX fundamentals workshop, handling secretariat duties and hands-on participant guidance.

Committee Member: Infinite Insights Webinar on Real Analysis

Jan 2025

- Supported the planning and delivery of a mathematics lecture webinar series at UiTM Seremban.
- Registration & Feedback Committee: Forum Cakna, UiTM Seremban
- Dec 2024 - Jan 2025
- Managed participant registration and feedback collection for Forum Cakna: Pencegahan Jenayah, Sejarah PDRM & Penipuan Siber, a crime prevention and cyber scam awareness forum.

Facilitator: Program Klinik Matematik, UiTM Seremban (Demaths)

May - Jun 2023

- Tutored students one-on-one to address academic needs and collaborated with the Degree Mathematics Society to refine curriculum content.
